Effective April 1, 2009

- Questions

Severance Plan Eligibility

Severance Eligibility

- You are designated as eligible when you receive an individually addressed letter, signed by an approved representative, notifying you that you meet the eligibility requirements for participation in the Severance Plan
- You must remain employed in your current position until you are laid off by your management; if you voluntarily quit, retire, or transfer to another position within the Company between your layoff notification date and your last day worked, you will not receive benefits under this plan
- You must sign a Confidential Separation Agreement and General Release
- Consult with your HR generalist for further details

Health Benefits

Benefits Continuation under COBRA

- Benefits coverage under COBRA, if elected, continues for a maximum of 18 months (extensions are available under certain circumstances)
- Your 18 month COBRA eligibility period begins on the first of the month following your last day worked
- You may elect benefits continuation under COBRA only for those health plan options that were in effect on the day before your benefits terminated
- COBRA is available for eligible dependents covered as of your last day of work

The American Recovery and Reinvestment Act of 2009

The American Recovery and Reinvestment Act (ARRA) was signed into law by President Obama on February 17, 2009.

This legislation includes provisions that expand COBRA coverage for certain employees.

Northrop Grumman, like all employers, is awaiting guidance from the Department of Labor and the IRS as to how this will be administered.

Additional information will be provided and posted to *Benefits OnLine*

Employee Cost for Benefits Continuation

No Cost Period

- You will receive an extension of your medical, dental and vision benefits through the end of the month of your date of termination plus one additional month
- If you are not covered by medical, dental and/or vision benefits at the time of your layoff this feature does not apply to you
- The period of coverage from your last day of work through the end of the following month is fully paid for by the company

Employee Cost for Benefits Continuation

Subsidized COBRA Period

- The Federal Government subsidizes 65% of the cost of COBRA for the lesser of nine months or until you are eligible for Medicare or another group plan
- Employee cost is 35% of the total COBRA premium
Example: Assuming the full COBRA premium for your medical plan is \$455 per month, your cost during the subsidy period would be \$159.25 per month
- Your covered spouse and children are also eligible for the subsidy

Employee Cost for Benefits Continuation

Full Cost Period

- The remaining 9 months of COBRA eligibility are not subsidized
- You pay 100% of the COBRA premium which is based on the full group rate plus a 2% administrative fee
- Coverage continues for the remainder of your 18 month COBRA period, as long as premiums are paid on a timely basis

Paying for your Benefits

- You will be billed for your COBRA coverage by the Northrop Grumman Benefits Center
- The first bill will be sent shortly after the termination of your active benefits
- Subsequent bills are prepared on the 10th of each month and mailed on the 15th
- Payment is due on the 1st of the month, in advance, with a 30-day grace period

Medicare Eligible Participants

- If you and/or a dependent are Medicare eligible (because you are 65 or under 65 and disabled), you **MUST** enroll in Medicare Part B as soon as your active employment ends.

- Severance/COBRA coverage is not considered active employer coverage and therefore is secondary to Medicare.
 - Claims will be processed as though Medicare has paid primary
 - Failure to enroll in Medicare B as soon as active employment ends may also result in an SSA/Medicare imposed penalty on all future Medicare B premiums

- Medicare eligible participants do not qualify for the subsidy

Miscellaneous Information

- If you are currently covered by an EPO/HMO and you move out of the EPO/HMO coverage area, you must contact the NGBC at 1-800-894-4194 within 31 days of your change in residence to enroll in a plan option available in your new area
- If your spouse is an NG employee, you may elect coverage under his/her benefits in lieu of COBRA
- Northrop Grumman is required to report your COBRA subsidy payments on your W-2

Flexible Spending Accounts (FSAs)

Health Care Flexible Spending Account

- Your before-tax contributions cease as of your layoff date.
- Only expenses incurred prior to your layoff date are eligible for reimbursement.
- You may choose to continue coverage through COBRA by making after-tax contributions. This allows you to file claims for expenses incurred after your layoff date.
- Claims must be submitted by December 31 following the end of the plan year.

Dependent Day Care Flexible Spending Account

- Your before-tax contributions cease as of your layoff date.
- Claims may be filed for expenses incurred through the end of the plan year and must be submitted by December 31 following the end of the plan year.

Life and Accidental Death & Dismemberment (AD&D) Insurance

- Your Basic Company-provided and Optional Life and AD&D Insurance coverage ends on your layoff date
- Continuation of Life Insurance must be elected **within 31 days** of your layoff date.
- Continuation of AD&D Insurance must be elected **within 90 days** of your layoff date.
- Conversion/portability forms are available on *Benefits OnLine* or by contacting the Northrop Grumman Benefits Center at 1-800-894-4194
